Dimension-based  
pricing scale for  
eco-fees

écomobilier

0811 69 68 70 | eco-mobilier.fr

## DIMENSION-BASED PRICING SCALE

### WHAT IS THE DIMENSION-BASED PRICING SCALE?

This involves a correspondence between the dimension of an item of furniture and its estimated weight bracket. Its use is recommended when the weight of the item of furniture marketed is not known in advance, particularly in custom manufacturing.

In this way, the craftsperson, trader or manufacturer can determine the Éco-mobilier code and the eco-fee related to this item of furniture.

COMMENTS : THIS SCALE ALREADY EXISTED IN THE 2014/2015 PRICING SCALE FOR DOOR LEAVES, WALK-IN CLOSETS, SHELVES, BOOKCASES, ETC. IN 2016 IT WILL BE EXTENDED TO OTHER TYPES OF FURNITURE.

### WHICH FURNISHING COMPONENTS ARE CONCERNED?

**This dimension-based pricing scale concerns furniture other than seats and bedding.**

**It is organised into four types of furniture :**

- Storage furniture,
- Tables and worktops,
- Bedding furniture,
- Kitchen and bathroom units.

### WHO IS THIS PRICING SCALE INTENDED FOR AND WHEN IS IT USED?

Some traders, engaged in custom manufacturing, are unable to determine the weight of a furnishing component before its production and installation.

Since the eco-fee pricing scale is organised by weight bracket, it is essential to know the weight of the product in order to assign an eco-fee to it, at the time of the quote or order. Therefore, when the weight is not known, the dimension-based pricing scale can be used.

When making the marketing declaration, it is also necessary to assign an Éco-mobilier code, which depends on the weight and material used, to enable transfer of the eco-fee to Éco-mobilier. This dimension-based pricing scale is also used to obtain the product code.

### WHAT ARE THE NEW FEATURES OF THIS DIMENSION-BASED PRICING SCALE?

More ranges of furniture have been included in this scale for easier application of the scale in relation to custom manufacturing.

This dimension-based pricing scale has been developed to enable a more refined approach to weight by using the variation of one of the dimensions of the product in increments of 60 cm. It can also be used to indicate the main material used to manufacture the product. This information is very useful for application of the eco-modulation (see note on eco-modulation).

### HOW DO YOU DETERMINE THE ÉCO-MOBILIER CODE AND FIND THE AMOUNT OF THE ECO-FEE WITH THE DIMENSION-BASED PRICING SCALE?

You can use the code generator available at [eco-mobilier.fr](http://eco-mobilier.fr).

First select the furniture category, then «Weight bracket not known» under question 2.

You must then enter the main dimension, as predefined in the generator (length, width or depth) in centimetres. A complete list of codes is also available under the code generator's «Complete list of codes» tab.

## IF YOU PREVIOUSLY USED THE FLAT-RATE SCALE IN 2014/2015, HOW HAS THE ÉCO-MOBILIER CODE FOR MAKING YOUR MARKETING DECLARATIONS EACH YEAR OR EACH QUARTER CHANGED?

You may be in one of the following two cases :

- 1 If you previously used a flat-rate code or a dimension-based code (for modular products), it will not be rejected by our system during the declaration process. However, in order to ensure that you make a valid declaration, we recommend that you use the new codes corresponding to the dimension-based 2016 scale, by means of the code generator.
- 2 To benefit from eco-modulation, you are required to change the code as indicated in the note on eco-modulation.

FOR REFERENCE : ÉCO-MOBILIER CODES ALLOW YOU TO MAKE YOUR MARKETING DECLARATIONS IN THE MOST ACCURATE AND PRECISE MANNER POSSIBLE. THIS IS WHY THERE MANY DIFFERENT CODES.

## HOW DO YOU USE THIS PRICING SCALE?

According to the type of furniture, you can find the eco-fee and Éco-mobilier code via the generator available at [eco-mobilier.fr](http://eco-mobilier.fr), or by using the following tables.

**N.B.** : All eco-fees are given in euros incl. VAT. (VAT rate = 20%)

# STORAGE FURNITURE

THE VARIABLE USED TO DETERMINE THE WEIGHT IS THE LENGTH OF THE STORAGE FURNITURE.

DIMENSION IN CM, ECO-FEE INCL. VAT	0 - 60	61 - 120	121 - 180	181 - 240	241 - 300	301 - 360	361 - 480	481 - 600	601 - 720	721 AND ABOVE
<b>STORAGE FURNITURE UNITS H ≤ 1M</b> (with door)	€2.30	€3.00	€5.20	€9.50		€11.50	€15.00	€21.00	€26.00	€32.00
<b>STORAGE FURNITURE UNITS H &gt; 1M</b> (with door)	€3.00	€5.20	€9.50	€11.50	€15.00	€21.00	€26.00	€32.00	€38.00	€44.00
<b>WARDROBE OR WALK-IN WARDROBE</b> (with no door)	€5.20		€9.50	€11.50	€15.00	€21.00	€26.00	€32.00		€38.00
<b>BOOKCASE, STAND-ALONE SHELF WITH NO DOOR</b>										
<b>LIVING ROOM BLOCK UNIT</b> (not including table/chairs)										
<b>LIGHT STORAGE STRUCTURE NOT COMPOSED OF UNITS</b> (plastic, fabric, other textiles, cardboard, etc.)	€0.18	€0.46	€1.15		€1.75					

**REMINDER:** To obtain codes and amounts excl. VAT, go to [eco-mobilier.fr](http://eco-mobilier.fr) and use the code generator.

**Examples of furniture units used for storage :** chiffonier, toy box, dressing table, chest of drawers, trunk, chest, other storage furniture units (excluding modular furniture), chest of seven drawers, silver cabinet, sideboard, dresser, cabinet with shelves, Bonnetiere cupboard, chiffonier/ linen closet, small larder cupboard, china cabinet, workshop table, bar cabinet, shoe cabinet, aquarium unit (excluding aquarium), living room divider, telephone cabinet, TV/hi-fi/video unit, china cabinet, long sideboard, display case, broom cupboard, kitchen cabinet / crockery cabinet, kitchen island, sink unit, desk, children's desk, filing cabinet, patio bar.

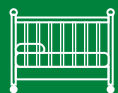

## TABLES AND WORKTOPS

THE VARIABLE USED TO DETERMINE THE WEIGHT IS THE LENGTH OR DIAMETER OF THE FURNITURE MAINLY USED AS A HOLDING SURFACE.

DIMENSION IN CM (INCLUDING EXTENSIONS), ECO-FEE INCL. VAT	0 - 60	61 - 120	121 - 180	181 - 240	241 - 300	301 - 360	361 - 480	481 - 600	601 - 720	721 AND ABOVE
<b>FURNITURE MAINLY USED AS A HOLDING SURFACE</b>	€1.75	€2.30	€3.00		€5.20		€9.50		€11.50	€15.00
<b>WORKTOP WITHOUT LEGS</b> TABLE TOP, KITCHEN WORKTOP, ETC. EXCLUDING INERT MATERIALS	€1.15	€1.75	€2.30	€3.00		€5.20		€9.50		€11.50
<b>WORKTOP WITHOUT LEGS</b> TABLE TOP, KITCHEN WORKTOP, ETC. MADE FROM INERT MATERIALS (LAVA STONE, CONCRETE, GRANITE, ETC.)	€2.30	€5.20	€9.50		€11.50	€15.00	€21.00	€26.00	€32.00	€38.00

**Examples of furniture mainly used as a holding surface:** console table, changing table (with drawer), changing table (without drawer), bedside table, service trolley, wall bracket (living room furniture), pedestal table, coffee table, dining room table, nest of tables, workbench / butcher block, IT unit, bureau, table, garden service trolley, garden pedestal table, garden coffee table, garden table.

## BEDDING FURNITURE

THE VARIABLE USED TO DETERMINE THE WEIGHT IS THE WIDTH OF THE ITEM OF FURNITURE WHICH IS MAINLY USED AS A BED.

DIMENSION IN CM, ECO-FEE INCL. VAT	≤ 120	121 AND ABOVE
<b>SINGLE BED FRAME</b> (excluding mattress and bed base)	€1.75	
<b>FIXED RATE FOR DRAWER(S)</b>	€1.15	€1.75
<b>HEADBOARD ONLY</b>	€1.75	€2.30
<b>BED, EXCLUDING MATTRESS AND BED BASE, WITHOUT DRAWERS</b> (i.e. frame + headboard)	€3.00	€5.20
<b>MEZZANINE AND HIGH BED</b>	€5.20	

**REMINDER:** To obtain codes and amounts excl. VAT, go to [eco-mobilier.fr](http://eco-mobilier.fr) and use the code generator.

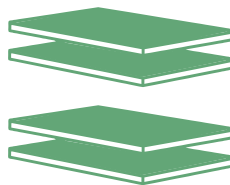

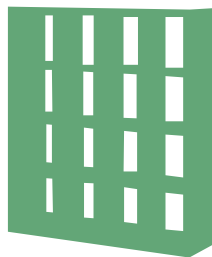

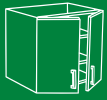

## MODULAR ITEMS: WALK-IN CLOSETS, BOOKSHELVES, LIVING ROOM BLOCK UNITS, SHELVES AND DOOR LEAVES.

THE VARIABLE USED TO DETERMINE THE WEIGHT IS THE WIDTH OF THE MODULAR ITEMS.

DIMENSION IN CM, ECO-FEE INCL. VAT	0 - 60	61 - 120	121 - 180	181 - 240	241 - 300	301 - 360	361 - 480	481 - 600	601 - 720	721 AND ABOVE
<b>ALL SHELVES L ≤ 120 CM</b>	€0.18		-							
<b>SHELF L &gt; 120CM, AND THICKNESS &lt; 20MM</b> (excluding products which are pre-drilled, pre-machined and/or have three or more edges)	-		€0.18			€0.46				
<b>SHELF L &gt; 120CM, AND THICKNESS ≥ 20MM OR PRODUCTS WHICH ARE PRE-DRILLED, PRE-MACHINED OR HAVE THREE OR MORE EDGES</b>	-		€0.46			€1.15				
<b>OTHER WALL SHELVES WITH OR WITHOUT MIRROR</b> (including hardware parts)	€0.46		€1.15			€1.75				
<b>LEAF WITHOUT GLASS FOR CUPBOARD/WALK-IN CLOSET, BY UNIT</b>	€1.15	€1.75	€2.30							
<b>LEAF WITH GLASS FOR CUPBOARD/WALK-IN CLOSET, BY UNIT</b>	€1.75	€2.30	€3.00							
<b>WARDROBE OR WALK-IN WARDROBE</b> (with no door) <b>BOOKCASE, STAND-ALONE SHELF WITH NO DOOR LIVING ROOM BLOCK UNIT</b> (not including table/chairs)	€5.20		€9.50	€11.50	€15.00	€21.00	€26.00	€32.00	€38.00	

**REMINDER:** To obtain codes and amounts excl. VAT, go to [eco-mobilier.fr](http://eco-mobilier.fr) and use the code generator.

# KITCHEN AND BATHROOM UNITS

THE VARIABLE USED TO DETERMINE THE WEIGHT IS THE WIDTH OF THE UNITS, EXCEPT FOR THE KITCHEN COLUMN UNIT, FOR WHICH THE VARIABLE USED IS THE DEPTH.

## KITCHEN

KITCHEN: DIMENSION IN CM, ECO-FEE INCL. VAT	≤ 40	41 - 60	61 - 80	81 - 100	101 AND ABOVE
BARE LOW UNIT	€1.75		€2.30		
BARE HIGH UNIT	€1.15		€1.75		
COMPLETE LOW UNIT	€1.75	€2.30	€3.00		
COMPLETE HIGH UNIT	€1.15	€1.75	€2.30		
BARE COLUMN UNIT	€2.30		€3.00		
COMPLETE COLUMN UNIT (variable dimension = depth)	€3.00	€5.20			

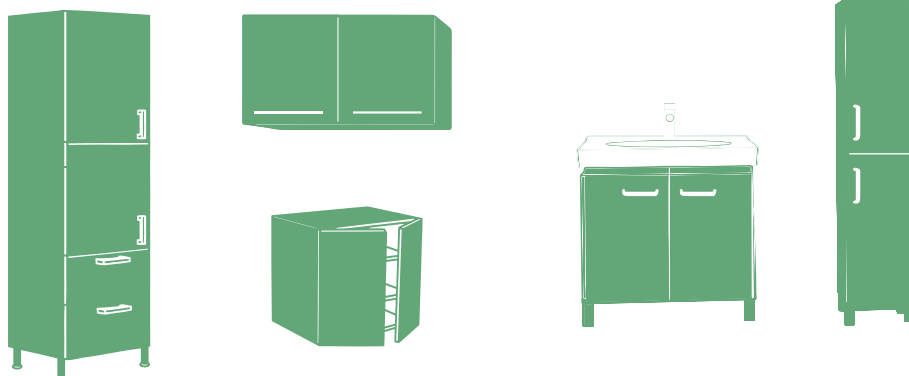

## BATHROOM

BATHROOM: DIMENSION IN CM, ECO-FEE INCL. VAT	≤ 40	41 - 60	61 - 80	81 - 100	101 AND ABOVE
HIGH OR LOW BARE UNIT	€1.15		€1.75		
BARE COLUMN UNIT	€1.75		€2.30		
VANITY UNIT	€1.75	€2.30	€3.00	€3.00	€5.20
COMPLETE LOW UNIT (other than vanity unit)	€2.30		€3.00		€5.20
COMPLETE HIGH UNIT	€1.75		€2.30		€3.00
COMPLETE COLUMN OR HALF-COLUMN UNIT	€1.75	€2.30	€3.00		€5.20

**REMINDER:** To obtain codes and amounts excl. VAT, go to [eco-mobilier.fr](http://eco-mobilier.fr) and use the code generator.

**Bare unit:** A bare unit has no doors or shelves. It is the structure of the unit only.

**Complete unit:** A complete unit includes doors and shelves.

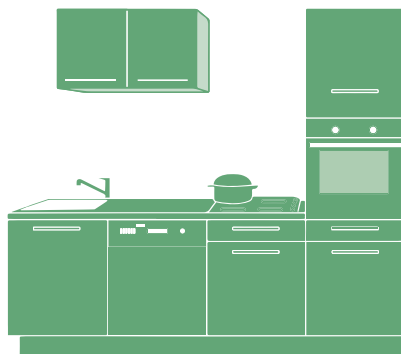

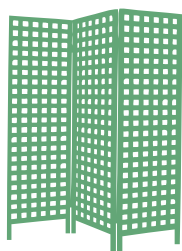

## OTHER FUNCTIONS

SOME PRODUCTS DO NOT HAVE A SIGNIFICANT VARIATION IN THEIR WEIGHT ACCORDING TO THEIR DIMENSIONS. THERE IS THEREFORE A SINGLE WEIGHT BRACKET AND A SINGLE AMOUNT RELATED TO THESE PRODUCTS.

NAME	ECO-FEE INCL. VAT
WARDROBE COVER, BY UNIT, IN OTHER MATERIAL(S)	€0.11
STAND-ALONE STEP STOOL FOR FURNITURE, BY UNIT, IN OTHER MATERIAL(S)	€0.18
FOLDING SCREEN	€0.46
BED LEGS (SET OF 2)	€0.18
COAT RACK (BASIC STRUCTURE MADE UP OF TWO POLES AND A CURTAIN ROD)	€0.46
CLOTHES STAND	€0.18
DRAWER PANEL FOR BEDROOM UNIT	€0.18
DRAWER UNIT FOR BEDROOM (COMPLETE)	€0.46
WHEELED UNIT WITH DRAWERS (OFFICE)	€1.15
DESK HEIGHT EXTENSION UNIT	€0.46
DOOR PANEL FOR OFFICE UNIT	€0.46
DRAWERS FOR OFFICE UNIT	€0.46
STAND-ALONE STEPLADDER FOR UNIT	€0.18
CORNICE (KITCHEN)	€0.06
SIDEBOARD (KITCHEN)	€0.46
DISHWASHER PANEL	€0.46
DOOR PANEL FOR KITCHEN UNIT	€0.46
DRAWER PANEL FOR KITCHEN UNIT	€0.18
FILLER STRIP (KITCHEN)	€0.18
FINISHING PANEL (KITCHEN)	€0.18
LAMP SHADE (KITCHEN)	€0.18
PLINTH (KITCHEN)	€0.46
UNIT BASE PLATE	€0.18
KITCHEN DRAWER UNIT	€0.46
DOOR PANEL FOR BATHROOM UNIT	€0.46
DRAWER PANEL FOR BATHROOM UNIT	€0.18
SMALL STORAGE BOX	€0.18
TV/HIFI SYSTEM WALL MOUNTING	€0.18
STAND-ALONE/WALL-MOUNTED COAT RACK - CLOAKROOM	€1.15
DRAWER PANEL FOR LIVING ROOM/LOUNGE/DINING ROOM UNIT	€0.18
UPRIGHT MOUNTING COMPONENT	€2.30
DRAWER FOR LIVING ROOM/LOUNGE/DINING ROOM UNIT	€0.46

**REMINDER:** To obtain codes and amounts excl. VAT, go to [eco-mobilier.fr](http://eco-mobilier.fr) and use the code generator.

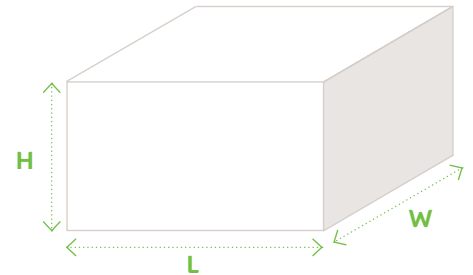

## APPENDICES

### CALCULATION EXAMPLE.

Explanation of the calculation method for storage furniture:  
Sideboards are included in the category of low storage units.

**The assumptions used for calculation are:**

- Height 90 cm (applied to all low storage units)
- Depth 40 cm (standard)
- Presence of a shelf every 35 cm
- Presence of doors
- Presence of a base, whose thickness is equal to half the thickness of the other parts of the furniture, or 9 mm
- Thickness of panels of which the furniture is composed 18 mm (standard thickness)
- Density of material : 700 kg/m<sup>3</sup> (average density calculated according to products on the market, rounded off)

**The variable is the length of the item of furniture.**

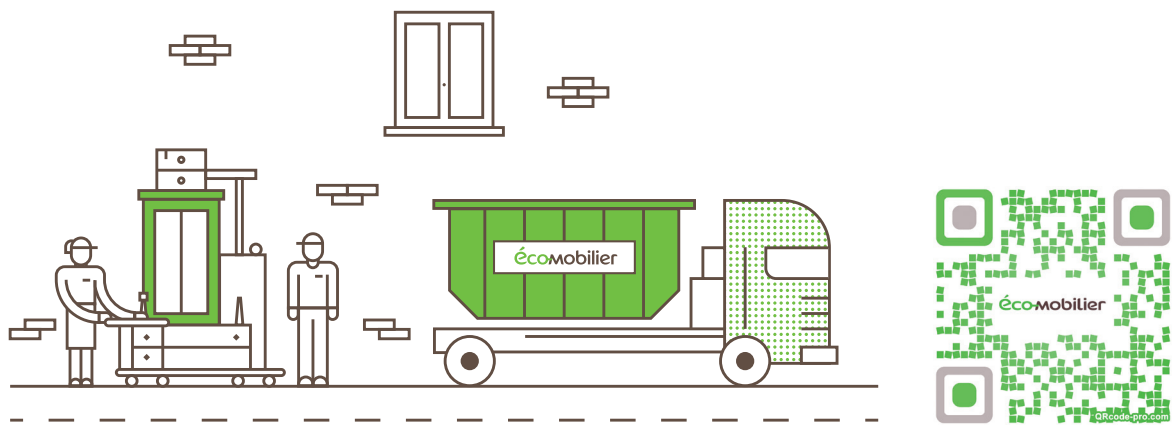

Simplifying the storage furniture as a rectangular parallelepiped, we therefore obtain the following formula :  
 $\text{thickness}/10 * \text{density}/1000000 * (2 * (\text{height} * \text{depth}) + (2 + \text{no. shelves}) * (\text{width} * \text{depth}) + (\text{base} + \text{door}) * (\text{width} * \text{height}))$

i.e. for a sideboard with a length of 160 cm:

STORAGE FURNITURE		UNITS
HEIGHT	90	cm
LENGTH	160	cm
DEPTH	40	cm
THICKNESS	18	mm
DENSITY	700	kg/m <sup>3</sup>
NUMBER OF SHELVES	3	no.
BASE	0,5	yes/no
WITH DOOR	1	yes/no
WEIGHT	76,6 kg	

Which places this sideboard in the 60-100 kg weight bracket and allows us to assign an eco-fee of **€5.20 incl. VAT.**

**REMINDER:** To obtain codes and amounts excl. VAT, go to [eco-mobilier.fr](http://eco-mobilier.fr) and use the code generator.
